

LEYCO[®]-B 20

CLEANER - IT REMOVES GRASS, OIL AND GREASINESS

- Ideal for cleaning and removing all kinds of dirt
- Extremely convenient for cleaning engines, carburetors, driving parts and filters
- Due to the great cleansing power and easy evaporation, it is excellent for removing greasiness from metal surfaces as well
- Good tolerance for rubber, plastic and varnish
- Without FCKW and CKW

LEYCO®-B 20 is mainly used in repair shops for cleaning disc brakes and drum brakes.

LEYCO®-B 20 is also excellent for cleaning engines, carburettors, driving parts, nozzles and filters, and for taking greasiness off the metal parts of large surfaces.

LEYCO®-B 20 is used for brakes, inscriptions, labels, engines, remains for borderings, solid wheels, tools, etc.

LEYCO®-B 20 removes greasiness, oil, soot, tar, glue remains, etc.

LEYCO®-B 20

Product-No. 20.513

CLEANER – REMOVES SOOT, OIL AND GREASINESS

DESCRIPTION

LEYCO®-B 20 is a cold, solvent cleanser, without halogen, with a very high level of evaporation.

LEYCO®-B 20 is therefore, due to its ability to dry out in a few seconds, ideally applicable for cleaning brakes. Strong cleaning power and the fast evaporation of the solvent makes LEYCO®-B 20 an excellent means for taking greasiness off the metal. Oil, greasiness and other organic dirt are easily and quickly removed without any traces.

ADVANTAGES

- Ideal for cleaning disc brakes and drum brakes
- Dries out in only few seconds
- Convenient for taking greasiness off the metal parts of large surfaces
- Good tolerance for rubber, plastic and varnish

TECHNICAL DETAILS

Density (20°C):	around 0,70 kg/l
pH value:	none
Contains:	> 30% aliphatic hydrocarbons
Other substances:	alcohol and thrust

APPLICATION

Spray the surfaces/parts which need cleaning with LEYCO®-B 20 and then spread with a cloth or brush. Additional rinsing is usually not necessary. As a rule it has a good tolerance for rubber, plastic and varnish, although the product should initially be tested on a hidden spot.

IMPORTANT NOTES

Frost does not affect the quality of the product.

The level of water pollution: 1 = slightly pollutes water (VwVwS scale)

Notice:

The product to be used only in well ventilated facilities. Safety instructions should be followed.
