LEYCO®-EX

Product-No. 20.043

CONCENTRATED INSECT KILLER

DESCRIPTION

LEYCO®-EX is a pesticide based on Pyrethrum. Its action spectrum covers: Flies, moths, ants, crickets, mosquitoes, spiders etc...

BENEFITS

- high efficiency
- not toxic for humans
- simple processing
- economical

TECHNICAL DATA

Colour: weakly yellow-brownishly
Form: liquid
Smell: product specific
Density: approx.1,00 g/cm³

PROCESSING

LEYCO®-EX is used only into dilution of 1:5 with cold water. This dilution can be yielded with the commercially normal hand sprayers. Before treatment with LEYCO®-EX uncovered foods must be removed. Do not spray directly onto Humans, domestic animals and ornamental plants. The LEYCO®-EX should be sprayed and allowed to work for 4-6 hours. After this initial application a further spray with a similar reaction time is advisable, to ensure that the product works effectively.

After the second application any residue that has landed on surfaces that are likely to come into contact with human skin, should be cleaned with LEYCO®-LS 3 or LS 4. Decontaminated areas should be rinsed again with water.

STORAGE

Store in original packaging at room temperature.

PRECAUTIONARY MEASURES

LEYCO®-EX should be kept out of reach of children. Inhalation of the sprayed mist is injurious to health. If contact occurs with the eyes, wash extensively with water and consult a doctor (for further specifications see safety data sheet)

REMARK

Whilst information and/or specification contained herein is to the best of our knowledge true and accurate, and is based on many years experience, we cannot accept any liability either directly or indirectly arising from the use of our products, whether or not in accordance with any advice, specification or recommendation given by us, as we have no direct or continuous control over how or where our products are applied.
