

LEYCO[®] - SC 22

HIGHLY-CONCENTRATED SUPERCLEANER

- Cleans and removes grease from plastic surfaces, machines, tools, metal and other painted or polished surfaces
- Superbly dissolves grease and oil deposits, soot deposits, insects, wax etc...
- May be applied to all water-resistant surfaces
- Economical product – may be diluted with water in proportion 1 : 60
- Biodegradable

LEYCO®-SC 22 is a strong special cleaning agent. This product protects the material to which it is applied, while at the same time protecting the environment. Tensides contained in the product are biodegradable far above the measure regulated by the law. This supercleaner is very powerful, and yet treats the cleaned surface mildly. It superbly dissolves grease and oil, soot deposits, insects, wax, nicotine etc.

LEYCO®-SC 22 is a perfect cleaner for plastic surfaces.

LEYCO®-SC 22

Product-No. 20.503

HIGHLY CONCENTRATED SUPERCLEANER

DESCRIPTION

LEYCO®-SC 22 may be applied to all water-resistant surfaces. It may be used in the following areas: transport, industrial plants, air transport, building maintenance, repair of damage caused by fire and cleaning of the exterior of vehicles and removing of insects.

LEYCO®-SC 22 cleans and removes grease from plastic surfaces, machines, tools, metal and other painted or polished surfaces, tiles, glass, convectors, illuminating objects, kitchens, window frames etc.

ADVANTAGES

- Cleans and removes grease from plastic surfaces, machines, tools, metal and other painted or polished surfaces
- Superbly dissolves grease and oil deposits, soot deposits, insects, wax etc.
- May be applied to all water-resistant surfaces
- Economical product – may be diluted with water in proportion 1:60

TECHNICAL INFORMATION

Density (20°C): ~ 1,03kg/ l (1 l = 1,03 kg)

pH value: ~ 11,0

USE

LEYCO®-SC 22 should be diluted with water, in a proportion of not less than 1:5, not more than 1:60 – the actual ratio shall depend on the quantities of dirt. Ready-to-use concentrate should be sprayed over the surface or applied with a sponge/cloth. The dirt is dissolved instantly! After you have applied the product for a short time, clean the surface with a clean, wet cloth or sponge, or wash it with water.

LEYCO®-SC 22 may be applied by high-pressure devices. It may also be applied in basins and bathtubs.

PRECAUTIONS

Freezing does not affect the quality of the product.

Water pollution class: WGK 1 = light pollutant (producer's estimation)

Easily dissolvable in the sewerage system if used in prescribed concentration.

REMARK

Whilst information and/or specification contained herein is to the best of our knowledge true and accurate, and is based on many years experience, we cannot accept any liability either directly or indirectly arising from the use of our products, whether or not in accordance with any advice, specification or recommendation given by us, as we have no direct or continuous control over how or where our products are applied.

LEYDE-PRODUCTS are guaranteed against defective materials and manufacture and are sold subject to its standard terms and conditions of sale.
