

# LEYCO<sup>®</sup>-AQUA T

## SMELL NEUTRALIZER

- Eliminates the causes of odours
- Possesses a fungicide which restrains the growth of micro organisms
- Cleans mud and grease from surfaces
- Helps keeps the sewage systems clean and unblocked
- Economical with low application costs
- Biodegradable
- UBA-No.: 0595 - 0013

LEYCO®-AQUA T eliminates strong odours by inhibiting the growth and activity of the micro organisms. These can create strong-smelling sulphur water compounds (sulphides).

LEYCO®-AQUA T replaces these noxious smells with its own pleasant odour.

LEYCO®-AQUA T decomposes grease and mud and hinders the growth and reproduction of unwanted organisms.

Its main fields of application are at garbage disposal points, water purification plants, filtering units, muddied pipes, grease separators, large-scale catering establishments, meat packing and food enterprises.

**LEYCO®-AQUA T**

Product-No. 20.003

## **SMELL NEUTRALIZER**

### **DESCRIPTION**

LEYCO®-AQUA T is a highly effective cleaning concentrate based on non ionic Tensides, quarterized ammonium bases, colour and aromas.

### **BENEFITS**

- Eliminates noxious odours
- breaks down grease and mud deposits
- helps to prevent blockages in pipelines
- reduces the growth of micro organisms
- biodegradable
- Has fungicidal effect

### **TECHNICAL DATA**

Density: 1.02 g/cm<sup>3</sup>  
Appearance: colorless  
Dilution: 1:30 to 1:100  
Flash point: 100°C

### **APPLICATION**

Mix 1 part of LEYCO®-AQUA T with 50 parts water mix and apply with sprayer or brush.

The impact time depends on the degree of pollution.

For the treatment of waste disposal units a solution of 1:30 is sprayed.

With the application in water purification plants LEYCO®-AQUA T is mixed at a ratio of 1 ltr Aqua T to 100m<sup>3</sup> water.

### **STORAGE**

Protect from frost in a cool place. Protected against fires in carefully sealed containers.

Minimum shelf-life 30 months.

### **HEALTH AND SAFETY DETAILS**

Contact with eyes and skin avoid.

Wash splashes off the skin with plenty of clean water.

Use gloves where the product is manually applied.

Avoid naked flame.

### **REMARK**

Whilst information and/or specification contained herein is to the best of our knowledge true and accurate, and is based on many years experience, we cannot accept any liability either directly or indirectly arising from the use of our products, whether or not in accordance with any advice, specification or recommendation given by us, as we have no direct or continuous control over how or where our products are applied.

LEYDE-PRODUCTS are guaranteed against defective materials and manufacture and are sold subject to its standard terms and conditions of sale.
