

LEYCO[®]-A´SEDIM

PREVENTS SOLID BUILD UP OF CEMENT AND SILT IN WASTE WATER HOLDING TANKS

- Helps prevent the hydration of the cement in waste water
- Makes cleaning the holding tanks a much faster easier task
- Less need for mechanical cleaning methods
- Reduces costly labour cleaning costs and mechanical wear
- Extends the service lives of the sediment basins
- Strong and economical – starting from 0,05% where applicable
- Highly biodegradable

LEYCO®-A´SEDIM delays and/or hinders the hydration of the cement in the washing water and hinders formation of solid compounds of silt.

LEYCO®-A´SEDIM

Product-No. 20.001

SPECIAL INHIBITOR FOR THE WASHING WATER TREATMENT

DESCRIPTION

LEYCO®-A´SEDIM is applied in small amounts to the waste water and recycling system around concrete plants, so prevent the build up of solids in the water holding tanks, whilst the solid contents settle.

DOSAGE

LEYCO®-A´SEDIM has a starting application rate of 0,05 %. The dosage is varied between 0,05 % and 0,2 %.

The dosage depends on the service life in the sediment basin and the cement content of the washing water.

With a high dosage setting off speed of the sediment in the basin can be reduced.

BENEFITS

- The time taken to clean the sediment basin is dramatically reduced.
- Personnel and material are preserved.
- The service lives of the sediment basins can to be extended.
- LEYCO®-A´SEDIM is highly biodegradable.

STORAGE

LEYCO®-A´SEDIM is supplied in concentrated form and has a 9 months shelf life in closed containers. Store away from frost and direct sunlight.

REMARK

Whilst information and/or specification contained herein is to the best of our knowledge true and accurate, and is based on many years experience, we cannot accept any liability either directly or indirectly arising from the use of our products, whether or not in accordance with any advice, specification or recommendation given by us, as we have no direct or continuous control over how or where our products are applied.

LEYDE-PRODUCTS are guaranteed against defective materials and manufacture and are sold subject to its standard terms and conditions of sale.
