

# LEYCO<sup>®</sup>-CHASSIS

## INTENSIVE CLEANER FOR USED CARS-VERY ACIDIC

- Solves all problems with cleaning of the exterior
- Removes all mineral deposits, i.e. lime, sand deposits, rust, and all oil and grease deposits
- Car paint shines again
- Also suitable for chassis, fellyes and the area of the exhaust-pipe

LEYCO®-CHASSI is a concentrated cleaner for all kinds of used cars, as well as vehicles and machines used in construction industry.

This product is suited to solve problems concerning the cleaning of the exterior of the car, especially in cases of mineral deposits – e.g. lime, sand deposits and rust, as well as environmental grease deposits.

LEYCO®-CHASSI makes the car paint shine again.

## LEYCO®-CHASSIS

Product-No. 20.502

### SPECIAL HIGH-CONCENTRATION CLEANER

#### DESCRIPTION

LEYCO®-CHASSI is used for intensive cleaning of the exterior of trucks, containers, concrete mixers and silos, cisterns, as well as machines and devices used in construction industry.

LEYCO®-CHASSI is a perfect cleaner for used cars – it may be used for chassis, fellyes and the exhaust pipe.

#### ADVANTAGES

- Solves all problems with cleaning of the exterior
- Removes all mineral deposits, i.e. lime, sand deposits, rust, and all oil and grease deposits
- Car paint shines again
- Also suitable for chassis, fellyes and the area of the exhaust-pipe

#### TECHNICAL DATA

Density (20°C): 1,28 kg/ l (1 l = 1,28 kg)  
pH value: < 1

#### USE

Depending on the degree of dirtiness, the concentrate should be diluted with water maximally in proportion 1:10 (pour water first, and then LEYCO®-CHASSI).

In cases of extreme dirtiness, the product may be used undiluted. In these cases, the product - ready for use – should be sprayed onto the surface through an acid-resistant spray; it should be sprayed from the bottom upward. Leave the product on the surface for 10 – 30 minutes (depending on the degree of dirtiness) and then wash with abundant water.

#### PRECAUTIONS

Frost does not affect the quality of the product.

Water pollution class: WGK 2 = heavy pollutant (producer's estimation)

Easily dissolvable in the sewerage system if used in prescribed concentration.

#### REMARK

Whilst information and/or specification contained herein is to the best of our knowledge true and accurate, and is based on many years experience, we cannot accept any liability either directly or indirectly arising from the use of our products, whether or not in accordance with any advice, specification or recommendation given by us, as we have no direct or continuous control over how or where our products are applied.

LEYDE-PRODUCTS are guaranteed against defective materials and manufacture and are sold subject to its standard terms and conditions of sale.
