

# LEYCOSIT *Waterproofing by crystallisation*

## The extraordinary deep penetrating and self-healing waterproofing system

### The extraordinary properties

- permanent and self-healing
- heals hairline cracks up to 0.4 mm
- no dry surface is necessary
- prevents the intrusion of chemicals, salt water and other harmful materials
- good chemical resistance
- vapor permeable
- protects concrete and reinforcing steel from deterioration and oxidation
- non toxic
- resists up to 120 m head of water (1.2 MPa)

## LEYCOSIT solves your problem !
